

Christine joins the team with extensive experience investigating family violence, sexual assault and child abuse, working with a diverse range of victim-survivors and population groups. She possesses strong stakeholder engagement, leadership and strategic planning skills. Chris loves spending time with her family and dog; and is a keen CrossFitter.

THE RFVP TEAM

Established in 2007 to provide regional governance of the state-wide family violence reforms, the RFVP is a partnership of organisations committed to working together to address family violence in the Inner and Outer Eastern DHHS Areas, (formerly DHHS Eastern Metropolitan Region).

Jess has a social work background, most recently working in case management at a specialist family violence service. Jess has worked in the Eastern Metropolitan Region in various roles. Outside of work Jess enjoy spending time with her little dog Louie, travelling and watching bad television.

Our work is to build a system to improve safety and justice for women and children experiencing family violence in the Eastern Metropolitan Region and across Victoria. The RFVP brings together representation from the human services, health and justice sectors.

After deciding to make a change from working in interior design studios, Rach commenced a temp role position within EDVOS. It didn't take long for Rach to realise this was an area she had passion for seeing change in, and in late 2018 she joined the RFVP team. Rach loves her dog Lady, travelling, art and shopping.

Together, we work to continually refine the integrated family violence system in our region to achieve our vision of a society where all women and children are safe and live free from violence.
